The Scott Hamilton CARES Foundation is dedicated to changing the future of cancer by funding advanced, innovative research that treats the cancer while sparing the patient.

CARES stands for Cancer Alliance for Research, Education and Survivorship. We seek to be a neutral convener between organizations, researchers, academic scientists, drug developers and others to advance new treatments. CARES relies on the expertise of leading institutions, clinicians, scientists and industry experts to inform and provide direction on leading innovative research projects, screening, education and survivor programs.
